MORE OF THE MORGAN RAID .- A gentleman who arrived at Cincinnati on Wednerday evening from Lexington informs the Cincinnati Gazette that on Saturday evening, on coming into Lexington from the house of a friend in the coantry, he found the people in a great state of excitement and hasily preparing for an expected attack from the guerillas. The citizens were arming, and all the seddles and bridles that could be found were impressed for military service. Late in the evening Ray. Dr. Breckinridga arrived from Danville, where Morgan had spneared sending in a proclemation in which he demanded the enrrender of the town, and promised to molest none but men In arms. The citizens re sponded hy despatching two hundred mounted Home Gnards in pursuit of the gnerillas. They were, however, chased in again. On Sunday all the horses in Lexington were impressed, pickets thrown out on every turnpike, and preparation made for receiving the expected foe.

The reported occupation of Midway hy the rebels, and the destruction of the hildge, end the Intended destruction of the train on the Louisville railroad is confirmed. Cannonading had been heard from the direction of Versuilles, and it was believed that a fight was going on chere on Tuesday moreing. On their way to Georgetown the gnerillas stopped at Lawrencehnrg, on the Kentucky river, where a large number of recreite from Jessamine county joiced them.

The highest estimate of Morgan's force was 2,800. On Tuesday morning some of the onter pickets on the Georgetown thropike, being driven in by the rehels, fled so precipitately that they did not heed the signal of the innur pickets, and were fired on. One man and three horses were thus killed, Mr. Rolla left Lexington enrly yesterday morning. At Paris, which he passed at 10 A. M., the only persons visible were two negross and three monnted Home Guerds. About fifty feet of the hridge at Kiser'e have been destroyed, and the adjoining distillery has been burned by the rehals. The hrldge is being repaired. During the past few days, as before notlced, the excitement has been Intense. All cltizens have been enrolled into service, and martial law is rigidly enforced. The most determined spirit is manifested, end the Union men threaten that for every man killed by Morgan, five secessionists shall be hung, and that all property deetroyed or stolen shall be recompensed fivefold.

A BATTLE IN THE INDIAN COUNTRY - THE REBEL INDIANS DEFEATED -The Springfield Missourian, of the 12th inet., informs us of nn important battle, resulting ln a victory to the Federal troops, fought in the Indian country. The engagement took place hetween a portion of the expedition moving down into the Indian country from Kansas and a body of rebels. It was fought at Evansville, near the Arkansas line, and about twenty miles east of Talcquah. The rebels were completely routed, losing 140 Indians killed and 150 made prisoners. The Indians had heen placed in front of the line of buttle, and therefore suffered most. James J. Clarkson, a prominent rebel, was ceptured, and it is reported that Gen. James S. Another matter in these two sections, and running through other parts of the act, will be noticed hereafter. I porceive no objection to the third and fourth sections. So far as I wish to notice the fifth and sixth sections, they may be considered together. That the enforcement of these sections would do no irjustice to the persons embraced within them, is clear. To give the compelled to properly of porsons who have abardened it and gone on a crusade to everthrow that same Government, is abound if considered in the mere light of justice. The severest justice may not always be the best policy. The principal of seizing end appropriating the property of the persons embraced within these sections is certainly not very objectionable, but a justly discriminating application. There was one of them, provided the aggregate compensation shall not exceed two thousand dillars per annum.
